Sir,

Submitted herewith.

For Collector.

FORM OF DRAFT DECLARATION.

UNDER Section 6, Act I of 1894, His Excellency the Governor in Council hereby declares that the Land mentioned in the following Schedule and measuring acres 0 - 50, be the same a little more or less, is needed for a public purpose, to wit, for the extension of the Wenlock Hospital and, under sections 3 and 7 of the same Act, the Rev. Dt Officer Bangalore is appointed to perform the functions of a Collector under the Act and directed to take order for the acquisition of the said land.

2. A plan of the land is kept in the office of the Rev. Dt Officer, Bangalore and may be inspected at any time during office hours.

No. 1930 - 704.

Station Madras , *Dated the* 17th August 1920 191 .

From (Name) The Hon'ble Major-General G.G.Giffard, C.S.I. K.H.S., I.M.S.,
(Designation) Surgeon-General with the Government of Madras.

To The Secretary to the Government of Madras,
LOCAL AND MUNICIPAL (MEDICAL) Department.

Sir,

With reference to G.O.No.365 Medical, Mis., dated the 12th July 1920, requesting the Collector of South Kanara to submit a draft notification for the acquisition of 0.50 acres of land in S.No.273/1 A of Mangalore for extensions to the Government Headquarter Hospital, Mangalore, I have the honour to forward herewith a copy of letter No:Dis.290/20 G.H, dated the 29th July 1920, from the District Medical and Sanitary Officer, South Kanara, and to request that in the circumstances already explained in my letter No.19 B1/334 dated 11th March 1920, Government will be pleased to sanction the acquisition of the area of land between the Balmatta and Court Road for the

the construction of quarters for the medical and nursing staff and for the menials of the hospital.

I have the honour to be,

Sir,

Your most obedient servant,

Major-General, I.M.S.,

Surgeon-General with the Government of Madras.

Copy of letter from M.R.Ry.Rao Bahadur V.Verghese Avl., Ag.District Medical and Sanitary Officer, South Kanara, to the Personal Assistant to the Surgeon-General with the Government of Madras, Madras, Dis.No.290/20 G.H, dated the 29th July 1920.

With reference to your Memorandum No.R.C.1414/1/C dated the 22nd July 1920, I have the honour to state that I am glad to have had the opportunity for clearing up the situation as regards the requirements of the New Hospital.

I enclose herein copy of my letter Dis.No.188/20 G.H.dated 13th May 1920 to the Collector in answer to his query as to what extent of plot No.273-1 A, will be required for the hospital extension, the original proposal being to locate thereon vaccine station coach house and stables. It was for this purpose only that 0.50 acres of S.No.273-1 A was reported to be sufficient. But I had made it clear in my letter to the Collector that the area between the Balmatta and Court Road should be set apart for the construction of quarters for the medical and nursing staff and for the menials. I had in my D.O.C.No.60/20 dated the 12th March 1920 brought to your notice also that the reservation of this site for the construction of quarters for staff was essentially necessary. I would therefore request you to move Government to acquire this site also as early as possible. The file sent by you is herewith returned.

Copy of letter from M.R.Ry.Rao Bahadur V.Verghese Avl., Ag.District Medical and Sanitary Officer, South Kanara, to the Collector of South Kanara, Mangalore, Dis.No.188/20.G.H., dated 13th May 1920.

In returning herewith the records received with your letter Ref.on G.B.No.1540/Rev.20 dated the 21st April 1920, I have the honour to state that I have marked in blue pencil in the sketch the area required for hospital purposes out of plot No.273-1 A.

The

The acquisition of the shops was not proposed by me.

The other plot which would be necessary for the hospital is the area between the Balmatta road and Court road regarding which the Municipal Council has submitted proposals to Government to remove the insanitary hovels existing thereon. The valuation statements regarding this plot have already been sent up by the Municipal Council. The latest proposal was to reserve a portion of it as an alternative site to locate the Town Hall; but Government has in its Memorandum No.1054-1 Medical, dated 23rd April 1920, informed the Surgeon-General that this proposal has been abandoned. I therefore request the reservation of the whole of this site when cleared up for hospital extension.

I enclose herewith a rough sketch of the locality in question marking thereon the area wanted for the hospital.

NOTES.

Ref. C. No. 468-20-E3.

Sattion Mangalore , *dated the* 16th November 1920. 19

From (Name) V. R. R. Rai Bahadur U. Rama Rao, Avl., B.A.,

(Designation) Ag. Collector of South Kanara.

To The Secretary to the Government of Madras,

Public Works Department.

Sir, Government Memo No. 1747-B-2, dated 1st November 20.

The plot of land T. S. No. 273/1A1B in question which stood in the name of H. Ravappa is reported to have since been sub-divided and ordered to be registered in the ~~(joint)~~ names of five persons by right of purchase and award decree All the owners except one have been examined. Of the --- four persons examined two demand exorbitant rate of compensation while the other two are not willing to part with their plots. The fifth claimant could not be examined -- as he is out of Mangalore. As this individual is reported to be living at Kasaragod, the Tahsildar of Kasaragod has been asked to examine him and report whether the plot can be purchased by private negotiations or should be acquired

under the Land Acquisition Act. One of the two owners who -- refuse to part with their plots pleads that Mr. Ellis, the then Collector had promised to exclude his plot from the proposed --- acquisition. As the records do not bear this out, a reference has been made to the District Medical and Sanitary Officer in -- the matter. Final report will be submitted as soon as the ---- enquiry is complete.

2. Before it is decided to proceed further in the matter of the contemplated acquisition of the plots at a high cost, I ----- think it is necessary to place before Government for consideration Mr. Ellis's letter to the District Medical and Sanitary --- Officer dated 15th May last (copy enclosed) embodying a proposal -- with which I fully agree -- to locate the new Hospital on the Urwa Maidan. This Maidan being at present registered as Military Camping Ground, the District Medical and Sanitary Officer then -- said that the question of the surrender thereof by Military ---- Authorities should be settled before he could submit definite --- proposals to adopt this site for the new Hospital. The Administrative Staff, 9th (Secunderabad) Division, Bangalore has since - written to say that the change of site for Camping Ground from -- Urwa Maidan to Kadri Hill has been recommended to the Southern -- Command. The final decision of the Military Authorities may -- therefore be expected shortly, and if it is favourable, the ---- District Medical and Sanitary Officer will be in a position to -- submit ~~has~~ his definite proposals about the location of the new Hospital on the Urwa Maidan as proposed by Mr. Ellis. I may also add that in the course of examining the question of a comprehensive scheme for the housing of Officials agreeably to G.O.No.529-Public, dated 21st March 1916 the Site Committee has already ---- selected a site on the hill adjoining the Urwa Maidan for building the District Medical and Sanitary Officer's bungalow.

p16 ...ira

For Ag. Collector.

18.11.'20

Copy of Mr. Ellis's letter dated 15th May 1920 to the -- District Medical and Sanitary Officer, South Kanara.

In connection with the rebuilding of the Wenlock Hospital I desire to press very earnestly for a reconsideration of the -- question of site. The present site in the heart of the Town Is, I think, objectionable from a medical point of view. It is also cramped and the necessary space can only be provided by the -- acquisition at some cost of surrounding sites. Any expansion in the future will be quite impossible.

2. I would recommend instead, a site on the Urwa Maidan --- which is only a little over a mile from the present site and is a spacious healthy locality where as much ground as may be ---- required can be reserved if the Military Authorities agree to -- surrender the Maidan in exchange for Kadri Hill. The Site --- Committee is already recommending a site for the District ----- Medical and Sanitary Officer's bungalow on the hill adjoining -- the Maidan which would be conveniently close to the site I now propose for the Hospital.

3. Incidentally this proposal would save a considerable sum of money as nothing would have to be spent for acquisition of -- the site and provision of temporary accommodation for the ----- Hospital and the work might start at once.

4. Any objection from the Townspeople as to distance could, I think, be obviated by providing an out-patient dispensary at Hampankatta.

(Designation) Surgeon-General with the Government of Madras.

To The Secretary to the Government of Madras,
LOCAL AND MUNICIPAL (MEDICAL) Department.

Sir,

With reference to Government Memorandum No.2716-1 Medical, dated 13th September 1920, I have the honour to forward herewith copy of a letter from the District Medical and Sanitary Officer, South Kanara, No.Dis.372/20 dated 12th October 1920, reporting the number and designation of the members of the Hospital staff for whom accommodation is required and explaining the necessity to acquire the whole extent of 2.42 acres between the Balmatta and court roads for the purpose. I am in agreement with him as to the number and designation of the members of the staff whom he proposes to house near the hospital and recommend the acquisition of the whole extent

b.-17-18 infra

of

of land more especially as the question of abolishing the separate Police hospital and having a police ward as an adjunct to the Headquarter hospital has since arisen and is under consideration. If Government approve, the Superintending Engineer will be asked to have the place surveyed and a site plan made, and if space is available, to include quarters for menials also.

2. A blue print showing the positions of the proposed new hospital buildings and existing hospital buildings is forwarded. Another plan showing the relative position of the block between the Balmatta and the court roads and that on which the new hospital buildings are to be constructed is also forwarded for the information of Government.

I have the honour to be,

Sir,

Your most obedient servant,

Major-General, I.M.S.,

Surgeon-General with the Government of Madras.

Copy of letter from M.R.Ry.Rao Bahadur V.Verghese,Avl., Ag.District Medical and Sanitary Officer,South Kanara,Mangalore, to the Personal Assistant to the Surgeon-General with the Government of Madras, Madras, Dis.372/20, dated the 12th October 1920.

With reference to your Memorandum R.C.No.1783/1 dated 22nd September 1920, I have the honour to state as follows:-

1. There are residences now provided for two Sub-Assistant surgeons and the scavengers of the Government Headquarter Hospital, and one Lady Apothecary and female thoty of the Government Women and Children's Hospital.

2. The accommodation to be provided in connection with the

new

new combined hospital depends on what exactly the staff will consist of as it will be obvious that the present staff will be quite inadequate for an institution of the standard proposed. I have obtained a statement of the staff of the Royapettah Hospital and making it a basis, I propose that the following staff should be provided with residential quarters.

Civil Assistant Surgeons including Assistant to the District Medical & Sanitary Officer..	2
House Surgeons.....	2
Lady Apothecary.....	1
Lady Sub Assistant Surgeon.....	1
Sub Assistant Surgeons.....	3
Matron.....	1
European Nurses.....	2
Resident midwife.....	1
Indian Nurses.....	6

The two accessory buildings for which sites have yet to be set apart are (1) the Police ward (2) the vaccine station both of which I think may go in this plot. I consider that the whole of the area referred to in my letter Ref.on No.129/19 dated 22nd October 1919 consisting of 2.42 acres will be required. When I wrote my letter quoted above, the question of abolishing the Police Hospital and having a separate Police ward as an adjunct to the Government Head-Quarter Hospital was not contemplated.

If Government is favourable to the acquisition of the plot and if you approve of my proposals as regards the number and designation of the members of the staff for whom accommodation will be required, I request that you will be good enough to address the Superintending Engineer to have the place surveyed and a site plan made and, if space is available, to include quarters for menial staff also.

(Designation) ~~Surgeon-General with the Government~~ of Madras,

To The Secretary to the Government of Madras,

Local and Municipal(Public Health) Department.

Sir,

With reference to Government Memorandum No. 4165-1 Medical, dated 20th December 1920, I have the honour to state that I do not find it possible to go to Mangalore before I proceed on leave. The whole of this question was thoroughly examined by myself three years ago before plans and estimates were made for the new hospital. I then decided to advise Government to build the new hospital on the site of the present hospital and to acquire sufficient land in the open triangular

space at the opposite side of the road for the housing of the staff. I consider that the Urwa Maidan which is right outside the town is not a suitable place for the building of a hospital for the town. The plans and estimates for the hospital on its present site are complete. I am not prepared to change my mind on this subject but if the Government are not convinced of the soundness of my views they may take the advice of a Committee or of some other Medical Officer.

I have the honour to be,

Through The Collector of South Kanara.

Sir,

I have the honor to submit herewith for the information of Government, a copy of the resolution passed by the Municipal Council at its meeting held on the 12th inst. recommending the present site of the Wenlock Hospital as being the most suitable & convenient site for the location of the new Head quarters hospital.

I have the honor to be,
Sir,
Your most obdt. servt.
[illegible]
Chairman, M.C.

N. Dis. 4613-21-E. 1.

Forwarded.

I beg to refer Government to my letter to the Revenue Department R. O. C. 439-20-E. 1, dated 22nd February 1921, on --- this subject. The Municipal Council were not, I fear, in -- possession of all the facts of the case when they passed their present resolution and I find myself unable to agree with --- them.

I venture to urge that some decision may shortly be -- come to in the matter.

South Kanara Collector's Office,
Mangalore, 30th July 1921.

For Collector.

M. S. R. /30-7.

Land acquisition — Mangalore hospital

C. 2344 from the Coll. of S. Kanara No 1018/19 dt 17-7-20.
C. 2716 " " SG No 1981/1024/19 dt 17-8-20.

The draft notification on page 2 cf. for acquiring 0.50 acre of land for a vaccine station, Coach house and stables for the Mangalore hospital may be forwarded to the P.W.D. for publication in the S.G. Gazette.

2 The S.G. now presses for the acquisition of 2.42 acres more (between Balmatta & Court roads — vide sketch II on p 15 of Ro. 365 dt 12-7-20) for constructing quarters for the hospital staff. (X) In his letter on p 4 of this G.O., the D. Ins. S.O. considered two acres to be ample for the purpose but later on he stated that the whole site was necessary — p 8 of the G.O. Before agreeing to this acquisition, the S.G. may perhaps be asked for details as to how many members of the staff have to be provided with quarters and whether the whole extent of 2.42 acres or what part thereof will be needed. He may also be asked to send a layout plan of the new hospital buildings. A draft on. is ... for approval.

The Sly reply to the memo on p 10 cf received in this dept has now been added to

29 NOV 1920

the Govt.

2. With reference to para 2 of the Collector's letter (p 14 ct) and the P.W.D. note on p 2 supra, the Sly may be asked to offer his remarks on the Collector's proposal to locate the hospital on the Cuva maidan. A draft memo is submitted for approval.

Memo approved by Secy.

3. The Sly recommends the acqn of the whole area of 2.42 acres between Balmatta & Court roads for the construction of (1) quarters for the staff and (2) the Police ward. It has to be noted in this connection that all the staff for whom the Dept so proposes to provide quarters has not now employed in the hospital. The Dept so anticipates an increase in staff and wants to reserve sites for construction of quarters for them. Submitted that the question whether the whole or any part of the 2.42 acres should be acquired need be considered only after a decision has been arrived at in respect of the site of the hospital. This question of acqn may therefore be deferred pending a decision on the above point.

Dated 3rd March 1921

Paturaya
Mar 3rd
draft D.O. No. 87
to Mr. exchange letter
Has Mr been asked
to leave by letter HM
yet? The Rich Hds
pressed

I am very anxious to
get the question of site
for the new Govt. Hospital
at Mangalore settled as
soon as possible. If it
can be moved to the known
medium all my difficulties
as to site for the Govt.
College Hostel can be solved

a) Getting the Taluk office called
to remove to the present hospital
the present Taluk office being
given to the College as a hostel
& the hospital could be well
with a hostel. Incidentally
Charges amounting to nearly
Rs 60,000 for land acquisition
& Temporary accommodation
would be saved.

We can hold up on two
points (1) whether Govt: will
arrange an exchange with the

Military authorities for the transfer or (2) whether the Surgeon General will agree to moving the hospital to transfer.

(1) is under correspondence & I hope there will be no difficulty in arranging it. I think we should assume that it will go through & get the medical authorities to decide as soon as possible whether the transfer site may be selected. Would Government kindly ask the Surgeon General & the Catholic

architect to visit Hampstead Early
in April if possible & decide
the matter? If the hospital is
not to be moved the arrangement
for temporary accommodation during
reconstruction have to be pushed
on with at once: the St. Eugenie
is already calling for tenders.

Yours Sincerely

3410

Local and Municipal Dept.

The Surgeon-General was discussing with me this morning as to what further steps have been taken in regard to the proposed location of the headquarter hospital at Mangalore and various problems arising out of this question regarding the site not only of the hospital but also of the Resident Medical Officer.

Please look into

Govt-19.4.21

Attention is invited to my last letter to Government No.1931/445 dated 8th April 1921 to which I have nothing to add.

d.SG (PH) Dept

The points for orders are

(1) whether the new hospital will be located on the site of the existing hospl as now proposed or ~~another~~ in the Lowa maidan as recommended by the Collector of Canara.

(2) If it is decided to retain it on the existing site whether the area (2.42 acres) of

required to on p 16 cf. should be acquired for building quarters for the staff.

2 Site. The question of site has already been considered last year – Vide (G) – pages 30, 31 C.F. & page 35 of notes in Go. 612 dy 4.11.20

p 31 of Go 612 (G) 4.11.20. The advisory committee of the hospital recommended in June last that the hospital should be built on Urva Maidan. The S.G. was strongly opposed to this & considered the Urva Maidan totally unsuitable for the purpose as it was really outside the town. The Govt then decided not to reopen the question of site. The Collector however now again raises the question. The pros & cons are fully stated on pages 15 and 22 cf. The present policy, as evidenced by the recent discussions regarding the Cochin hospital, is in favour of locating hospitals in the heart of the towns where they will be most useful to the classes of people for whom the hospitals are mainly intended. In view of this it is, for consideration whether the Govt will be prepared to depart from the decision already arrived at.

p 30 of Go. 612 (G) 4.11.20.

p 35 of notes Go. 612 (G) 4.11.20.

3 Quarters for staff. In the circumstances stated on page 18 cf, the acquisition of 2.42 acres of land may be approved. Quarters for all the officers mentioned in

the list may not be immediately necessary but it seems better to provide for future requirements. Moreover the site will also contain a police ward and the vaccine station.

4. The acquisition of half an acre for the vaccine station, coach house & stables, approved in Govt 361 of 12·7·20, would become unnecessary if the ·242 acres referred to above ~~in appeal~~ are acquired. The coach house & stable may be provided for either in the compound of the hospital itself or on the plot to be acquired.

5. If it is decided to retain the present site & to acquire the plot of 2·42 acres, the Collector may be asked for a draft notification. The cost of acquisition may be met from the lump allotment of 1 lakh for headquarters hospitals.

Kgr 4/5/24

Forwarded.

J.

The S.G. may say the hospital should remain where it is. The Govt may agree. Removal to Uma is sure to be a very costly affair. The Coll: may be asked to submit a draft notification for the acquisition of 2·42 acres

Finance Deptt.

The proposal with which this deptt. is immediately concerned is the acquisition of 2.42 acres of land for constructing quarters for the hospital staff at Mangalore and for the accommodation of the Police ward and the vaccine station. The cost of the acquisition is not known at present; but the L.S.G. deptt. propose to meet it from the lump provision of 1.00 lakh for improvements to certain head quarter hospitals. It may be noted in this connection that C.M. has directed that no new schemes which are not considered as imperatively urgent

pp. 16-18 c.f.

para. 5 on page 13 ante.

Item 176 on pp 16-17 of P.W.D. budget (Final edition.)

should be brought forward during the current year. The proposal to call for a draft notification need not however be objected to. This deptt. will no doubt be consulted before the acquisition of the site is sanctioned. It will also then be considered whether all the quarters proposed are really necessary.

PRIVATE SECRETARY MADRAS

GOVERNMENT HOUSE,

25849 Madras,

5th December 1921.

Dear Mr. Ramarayaningar,

I am to send you the enclosed and to ask to consider if anything should ~~can~~ be done.

Yours sincerely,

F. Whyte

The Hon'ble Mr.P.Ramarayaningar,
Minister for Local Self-Govt.,
Madras.

Kia.

Please look up the papers at once.

BTRO 7/12/1

Manchester.

Collector's Office,

2. 12. 1921.

My dear Smith

I feel that I ought to bring to his Excellency's notice that in the opinion, I think, of all disinterested persons Government are making a very serious blunder in rebuilding the Wenlock Hospital on the old site when an excellent open site is available on the Crown

Macadam a little over a mile
away. Not only does the
present site afford quite
insufficient space for the
hospital buildings but it is
surrounded on all sides by
roads & the noise, & the
dust raised by motor busses
passing constitute a serious
nuisance. Moreover it is
going to be more expensive
then building on brown
Macadam by anything over
a lakh of rupees as filling

a hostel for the Govt: College
or a new Tech^k office
with here to be built. (If
the hospital is moved the
present buildings become
available for a hostel).
I feel quite certain that
if the brown maiden site
which was then military
camping ground had been
available the old site
would never have been selected
for the new buildings —

I fully realize that H. E.
may find it impossible to
intervene at this late hour.
But I think I should not be
doing my duty if I failed
to bring the matter to his
notice. I have opposed the
proposal ever since I came
to the district.

I need hardly say that it
does not matter to me personally
where the hospital is built or
I am only writing because I feel
I am responsible for doing my
best to prevent such a serious
mistake. Yours Sincerely

P. Th. Mus
